#### ABOUT THE ARTIST

Janaina Tschäpe was born in Dachau, Germany, and raised in São Paulo, Brazil. She received her Bachelor of Fine Arts from the Hochschule für Bildende Künste, Hamburg and her Master in Fine Arts from the School of Visual Arts, New York. Janaina lives and works in New York and Rio de Janeiro.

Tschäpe's drawings, paintings, photographs, films and installations seek to give form to the trance of art making, portraying not a dream world, but the sensation of being in one. Personal myths and memories are transformed into surreal images that escape rational explanation yet are universally identifiable.

Janaina has worked with USF's Graphicstudio to create lithographs, photogravures, and cast bronze multiples. Her work was the focus of a 2004 exhibition entitled *Blood, Sea* at the USF Contemporary Art Museum.

Tschäpe's work has been shown in numerous solo and group exhibitions throughout the world, including Tokyo, São Paulo, London, and Berlin. Her work is also included in the permanent collections of the National Gallery of Art, Washington D.C.; 21st Century Museum of Contemporary Art, Kanazawa, Japan; Centre Pompidou, Paris; Collection Museu Nacional Centro de Arte Reina Sophia, Madrid; Harvard Art Museum, Boston; Solomon R. Guggenheim Museum, New York; and the USF Contemporary Art Museum, Tampa among others.
